

Afrimax Auto Change [aw-toh-cheynj]

*Noun (when used with Afrimax), **Afrimax Auto Change***

To autonomously, powered by Artificial Intelligence, renew a customer's active Afrimax data plan when its data resources are depleted, using funds in the customer's Afrimax account and selecting the best value data plan for these funds

Afrimax's unique Auto Change feature renewed Special Pro-10 to Special Pro-10 NightShift using my Afrimax account balance of 2,500 MK, literally within seconds of me running out of data
