

## HOW TO CHANGE “WIFI NAME AND PASSWORD “ON YOUR AFRIMAX MIFI?

The following steps will show you how you can easily change your WIFI Name and Password on your Afrimax MIFI:

**STEP 1:** Log into the device on your browser using the given IP Address (as your link) found at the back cover of your MIFI, in this case the IP is **192.168.0.1** (please confirm).

Do it as shown below:

➤ **If you are successful, it should take you to the following log in page (STEP 2)**

**STEP 2:** On the top right side of the page (Marked in red box above), Click on the blue Login link and you will be redirected to another page (**STEP 3**):

A screenshot of the Afrimax MIFI status page. The page is titled "192.168.0.1/index.html#index\_status" and shows various system and network information. The "Login" link is highlighted with a red box. The page is divided into several sections: Status, Internet Usage, and LTE Signal Status.

MCS	6
CQI	9
RSSI(dBm)	-71

**STEP 3:** Please fill in the log in credentials found at the back cover of your Afrimax' MIFI where it's indicated Username: (always "admin") and Password: (admin) then select the login button.

**STEP 4:** If you are successful with (STEP 3), it should take you to the following page, click on (Wi-Fi) settings in Red Marked Box as shown below:

**STEP 5:** If you are successful with **(STEP 4)**, it should take you to the following page, click on **Ssid Settings** in Red Marked Box as shown below and to your right you will see **Network Name** (SSID): “(your current)” and **Pass Phrase** (Password). Change and click **Apply** your Mi-Fi will ask you for a restart, click yes and Congratulations you have changed your Mi-Fi SSID and Password.

The screenshot displays the 'Wi-Fi Settings' page of a Mi-Fi device. At the top, there is a navigation bar with options: Home, Quick Settings, Device Settings, SMS, Phonebook, Firewall, and System Settings. Below this is a header for 'Wi-Fi Settings' with a subtitle: 'Set up wireless hotspot so that your mobile phone or laptop could access network via it'. On the left side, there is a sidebar menu with options: Wifi Switch, SSID Settings (highlighted with a red box), WPS Settings, MAC Filter, and Advanced Settings. The main content area shows the 'Main SSID' tab selected. It contains the following fields and options:

- Network Name(SSID) \***: A text input field containing 'WIFI-NAME'.
- SSID Broadcast**: A checked checkbox.
- Security Mode**: A dropdown menu set to 'WPA2-PSK(AES)'.
- Pass Phrase \***: A text input field containing 'YourPassword'.
- Display Password**: A checked checkbox.
- Max Station Number**: A dropdown menu set to '8'.

An 'Apply' button is located at the bottom right of the form. At the bottom of the page, there is a help icon (a question mark in a circle) and a grey bar.
